

RV Educational Institutions

ALUMNI & CAREER NETWORK (ALMA CONNECT) • STORE RELEASE DOSSIER

Package: com.mediacell.alumni
Framework: React Native / Expo 54
Date: September 2026 • Version 1.0.0

Executive Purpose: This document details all legal, institutional, technical, compliance, and media documentation required to publish and release the official **RV Educational Institutions Alumni Application** on the **Apple App Store (iOS)** and **Google Play Store (Android)**.

Target Entities: Rashtreeya Sikshana Samithi Trust (RSST), RV College of Engineering (RVCE), and RV Educational Institutions.

PART 1 Institutional & Legal Entity Verification Documents

Document Name	Platform	Purpose & Compliance Scope	Status
1. D-U-N-S® Number	Apple	A 9-digit corporate identification number issued by Dun & Bradstreet under the official name (e.g. <i>Rashtreeya Sikshana Samithi Trust</i>). Mandatory to enroll in Apple Developer Organization Program (\$99/yr).	Required
2. Trust Deed / Incorporation Certificate	Both	Official government registration certificate of RSST proving entity existence and non-profit/educational status for organization verification.	Required
3. Letter of Authorization (LOA)	Both	Signed & stamped letter on institutional letterhead authorizing the Media Cell / Developers to publish an application carrying RVCE & RV Institutions branding. Avoids store rejection for unauthorized brand usage.	Required
4. Authorized Signatory Photo ID	Both	Government ID (Passport, Aadhaar, Driving License) of the account administrator to complete Apple & Google identity verification.	Required
5. Tax & PAN / GST Certificate	Google	Business tax certificate required during Google Play Console account identity verification (\$25 one-time fee).	Required

PART 2 Mandatory Public Legal & Policy Webpages

Webpage Document	Platform	Purpose & Compliance Scope	Target URL
6. Privacy Policy	Both	Mandatory live HTTPS page disclosing data collection (Name, Email, Phone, Institution, Profile Pictures, Posts, Comments) and TLS encryption. Raw GitHub or PDF links are rejected by reviewers.	/privacy-policy
7. Terms of Service / EULA	Apple	End User License Agreement. Apple Guideline 1.2 requires an explicit zero-tolerance policy for objectionable content and abusive conduct since users create posts and comments.	/terms-of-service
8. Web Account Deletion Page	Both	Mandatory by Google Play & Apple Guideline 5.1.1(v). A live public page where users can submit account and personal data deletion requests without needing the mobile app installed.	/delete-account
9. Public Support & Contact Page	Both	Contact point (email/webpage) for alumni to request technical assistance, inquiry, or report safety concerns.	/support

PART 3 Store Review Gated Credentials & Safety Declarations

Reviewer Demo Accounts to Provide in App Store Connect & Play Console:

- **Alumni Member Account:** harshithads2001@gmail.com | Password: Alumni@6363 (Shows feed, verified badge, profile photo, and real posts)
- **Institution Admin Account:** web.rsst@rvei.edu.in | Password: Media@123 (Shows pending membership approvals, institution stats, and admin dashboard)

Compliance Declaration	Platform	Declaration Requirements	Status
10. Apple Privacy Nutrition Labels	Apple	Disclose collected data: Contact Info (Name, Email, Phone), User Content (Photos, Posts), Identifiers (User ID). Confirm data is NOT used for cross-app tracking.	Ready
11. Google Play Data Safety Form	Google	Declare all network data is encrypted in transit over HTTPS/TLS, collected for app functionality, and that account deletion requests are honored.	Ready
12. Content & Age Rating Questionnaire	Both	Classify app as 18+ (Higher Education / Alumni). Declare social networking and user-submitted content with moderation/reporting capabilities.	Ready
13. Target Audience & Children Policy	Google	Confirm that the application does not target children under the age of 13.	Ready
14. Export Compliance Exemption	Apple	App uses standard HTTPS encryption. Configured as <code>ITSAAppUsesNonExemptEncryption: false</code> in <code>app.json</code> . Exempt from French/US export declarations.	Configured
15. Advertising & Financial Declarations	Google	Declare "No Ads" and "No Financial Services" in Google Play Store policy checklist.	Ready

PART 4 Technical Signing & Security Files

Technical Asset	Platform	Purpose & Integration Details	Status
16. Android App Bundle (.aab)	Google	Compiled release binary. Generated via <code>eas build -p android --profile production</code> . Google Play no longer accepts standalone APKs for new submissions.	Configured
17. Google Play App Signing & SHA Fingerprints	Google	SHA-1 and SHA-256 release fingerprints from Play Console must be pasted into Google Cloud Console / Firebase to prevent Google Sign-In failures in production.	Mandatory
18. google-services.json	Google	Firebase Android configuration file in root directory for FCM notifications and authentication.	Present
19. Apple Distribution Certificate & Profile	Apple	Cryptographic certificate and mobile provisioning profile managed via Expo EAS CLI to sign iOS IPA.	Configured
20. APNs Auth Key (.p8)	Apple	Apple Push Notification service key downloaded from developer.apple.com to dispatch notifications to iOS devices.	Required

PART 5 Store Listing Media & Marketing Assets

Store Asset	Platform	Dimensions & Requirements	Status
21. iOS App Store Icon	Apple	1024 × 1024 px PNG. Square format, 72 dpi, RGB color space, no transparency.	Present
22. Google Play App Icon	Google	512 × 512 px 32-bit PNG with alpha channel, max 1MB.	Present
23. Google Play Feature Graphic	Google	1024 × 500 px JPG or 24-bit PNG (no alpha). Hero banner displayed on Play Store search.	Design
24. Device Screenshots Suite	Both	• iOS: 6.7" iPhone (1290×2796 px) and 12.9" iPad (2048×2732 px). • Android: Min 4 phone screenshots (min 1080×1920 px, 16:9 or 9:16).	Capture
25. Store Listing Copy (Metadata)	Both	Title (max 30 chars), Subtitle (max 30 chars), Short description (max 80 chars), and Full promotional description (up to 4000 chars).	Drafted

Crucial Organization Account Note for Google Play:
Ensure the Google Play Developer Account is registered as an **Organization Account** under RSST/RVCE. Personal Google accounts created after Nov 2023 are forced into a mandatory *20-tester, 14-day closed testing hold*. Organization accounts bypass this requirement entirely and can release straight to production!

PART 6 Stakeholder Review & Sign-Off Block
